

If you are wanting worship, entertainment, and talent...Derwin Hinson is someone that you will want to invite to your church or gathering. This brother is truly a gifted man of God. He and his wife are such a pleasure to be around, and they both have one goal and purpose...to honor the Lord Jesus Christ. I would not only give my sincere recommendation for them to come, but to also encourage you to refer them to other pastors and churches. Derwin Hinson will amaze your people and he will lift the spirit of those who come to be part of your services. I hope you will invite Derwin and Alene Hinson to come share with your church family.
